**sunforgettable**®

**BRUSH-ON SUNSCREEN SPF 50**

MESS-FREE, ON-THE-GO PROTECTION

## EMBRACE THE BRUSH

Natural beauty begins with protected skin. Sunforgettable® Brush-on Sunscreen offers powerful SPF 50 UVA/UVB defense, alone or over makeup. Broad spectrum SPF and protection from pollution and other environmental stressors in one simple, on-the-go application.

### 1 OPEN

Remove cap and rubber band.

### 2 ACTIVATE

Rub vigorously on back of hand until you see powder begin to flow.

### 3 APPLY

Make small sweeping circles across face, ears and neck. On bare skin or over makeup, two liberal passes is all you need to be protected for up to two hours.

### ∞ REAPPLY

Reapply at least every two hours, alone or over makeup. Take brush everywhere you go to make reapplication easy—in your car, purse, gym bag or backpack.

## WORKS ON ALL SKIN TYPES AND TONES

Our unisex Brush-on Sunscreen is available in Fair, Medium, Tan, and Deep shades.

## MORE FROM COLORESCIENCE®

### SKIN PERFECTORS

colorescience® award-winning, custom-created Skin Perfectors provide chemical-free sun protection, help diminish the look of fine lines and pore size, while treating specific skin concerns with targeted skincare ingredients and color correction.

### FOUNDATIONS

colorescience® antioxidant- and vitamin-infused, broad spectrum SPF 20 & 30 foundations come in three finishes—liquid, loose or pressed—and a considered shade selection that provides sheer to full coverage for porcelain to deep skin tones.

### UV PROTECTORS

colorescience® UV Protectors deliver chemical-free sunscreen protection with added defense from environmental stressors. Gentle enough for every skin type, layered protection has never been this easy to apply and reapply throughout the day.

### ENHANCERS

Correct, highlight and define using natural, skincare-infused color enhancements. colorscience® Enhancers offer breathable, healthy-looking, and radiant color for eyes, lips and face.
